Getting to Know Your Phone

4

Power Key

- Press and hold to turn on your phone.
- Press and hold to turn on or off Silent, Airplane mode, or to power off your phone.
- Press to switch your phone to Sleep mode.
- Press to wake up your phone.

Home Key

Press to return to the Home Screen from any application or screen.

Menu Key

Press to get the options on the current screen.

Back Key

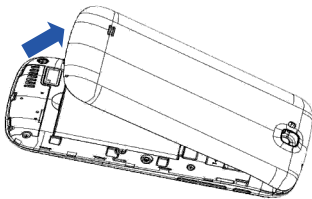

Press to go to the previous screen.

Volume Key

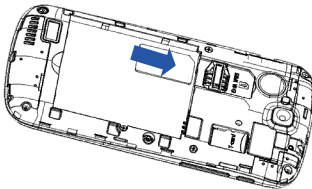

Press higher end of the key to turn the volume up and the lower end of the key to turn it down.

Before Getting Started

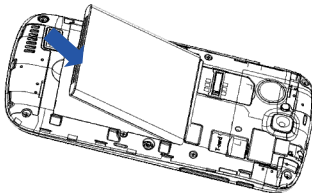

1. Removing the back cover

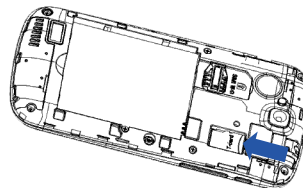

2. Installing the SIM cards

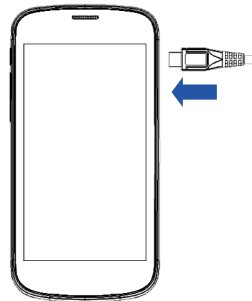

3. Installing the battery

4. Installing the memory card

5. Charging the battery

When you first get your new phone you'll need to charge the battery like this.

1. Connect the adapter to the charger jack.
2. Connect the charger to a standard AC wall outlet.
3. Disconnect the charger when the battery is fully charged.

Powering On/Off Your Phone

1. Make sure the SIM card is in your device and the battery is charged.
2. Hold **Power Key** to switch on your phone.
3. To switch it off, hold **Power Key** to get the phone options. Select **Power off**, and then tap **OK**.

Switching to Sleep Mode

To save battery power, Sleep Mode suspends your device to a low-power-consumption state while the display is off. Your device also goes into Sleep Mode automatically when the display is automatically turned off after a certain period of time, which you can set in **Sleep** of the display settings. Press **Power Key** to Sleep Mode.

Waking Up Your Phone

If your phone is in Sleep Mode, you can wake it up:

1. Pressing **Power Key** to activate your screen display.
2. Press and hold  to unlock the screen.

Notes:

If you have set an 'unlock pattern', or a PIN/password for your phone, you'll need to draw the pattern or enter the PIN/password to unlock your screen.
