	Alarm		USB mode
	Push message		T-flash Card inserted

Insert and Extract UIM Card/T-Flash Card

1. Power off the phone, remove the battery and other external power.
2. Insert UIM card into UIM card slot in the phone, or remove UIM card out of slot, as shown in picture.

Remove and Install the Battery

The attached Li-ion battery along with the phone can be used after unpacking. For the first three times, please use up the power and charge it fully for a new battery to perform well.

Remove the battery

1. Put finger on the top finger grip in back-cover, and then slide the back-cover of the phone down to release and remove.
2. Put finger on the finger grip, and then lift up the battery to remove the battery.

Install the battery

1. Replace the battery into the battery slot, to be noted that the lower end of the battery firstly inserted.
2. Put the back-cover of the phone flatly upon the body of phone. Push the back-cover of the phone to lock the cover into its place.

Charge the battery

1. Plug out rubber away from the jack on the top of the handset and connect the lead from the charger to the socket on the top of the phone.
2. Connect the charger to a standard wall AC socket.
3. When the charging animation on the screen stops, the charging is completed. The charging takes usually up to 3 hours. During charging, it is a normal phenomenon that the battery, phone and charger may get hot.
4. After the completion of charging, disconnect the charger from the phone and AC socket.

Note:

The top with arrow should be upright while connecting.

Power on/off your phone

Please hold **End key** to power on/off the phone. The phone will automatically search for the network.

Besides sending and receiving calls in standby mode, you can also do:

- ◆ Press **Left soft key** to enter main Menu.
- ◆ Press **Right soft key** to enter contacts menu.
- ◆ Press **UP key** and **Down key** to enter Dedicated key menu
- ◆ Press **Send key** to enter Call history list.
- ◆ Hold **Lock key** to lock/Unlock the keypad.
- ◆ Hold **SYM key** to switch the silent and general mode.

Note:

*To “press” key in this manual means to press the key and release it.
To “hold” key means to keep pressing the key for two seconds or more.*

Appendix

Warning and Maintenance

- Keep the phone out of the reach of little children. The phone may cause injury if used as a toy.
- Please use original accessories or accessories that are authorized by the manufacturer.
- Please keep the phone dry and store in shady and cool place.
- Do not expose your mobile phone to direct sunlight or store it in hot areas. High temperatures can shorten the life of electronic devices.
- Prevent liquid from seeping into your phone.
- Do not drop or harshly treat the phone. Rough handling can break internal circuit boards.
- Do not connect the phone with other unauthorized peripheral equipments. Do not attempt to dismantle the mobile phone and battery by yourself.
- Power off your phone before you clean the phone. Please use clean fabric that is anti-static to clean your phone.
- As your mobile phone can produce electromagnetic field, do not use the phone near electrical appliances.
- Do not charge the mobile phone without battery.
- Beware of the usage limitation when using a mobile phone at places such as oil warehouses or chemical factories.
- The user is cautioned that changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

Warranty Terms

The warranty does not apply to defects or errors in the product caused by:

- Reasonable abrasion.
- Misuse including mishandling, physical damage, improper installation, unauthorized disassembly of the product.
- Water or any other liquid damage.
- Any unauthorized repair or modification.
- Power surges, lightning damage, fire, flood or other events outside ZTE's reasonable control.
- Use of the product with any unauthorized third party products such as generic chargers.
- Any other cause beyond the range of normal usage for products.

End user shall have no right to reject, return, or receive a refund for any product from ZTE under the above-mentioned situations.

This warranty is end user's sole remedy and ZTE's sole liability for defective or nonconforming items, and is in lieu of all other warranties, expressed, implied or statutory, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, unless otherwise required under the mandatory provisions of the law.

Limitation of Liability

ZTE shall not be liable for any loss of profits or indirect, special, incidental or consequential damages resulting from or arising out of or in connection with using this product, whether or not ZTE had been advised, knew or should have known the possibility of such damages.
