

**Waiman Lam,
Vice President, Global Mobile and Technology
Strategy and Marketing, ZTE Mobile Devices**

ZTE Corporation

Mr. Waiman Lam serves as Vice President of ZTE Mobile Devices division at ZTE Corporation. Mr. Lam also serves as the global spokesperson for mobile products and technology for ZTE Corporation. Lam joined ZTE in November of 2009 as Director of Network Solutions for ZTE USA.

Lam is a seasoned veteran with many years in telecommunications industry, with expertise in the areas of marketing & sales, wireless technologies and systems engineering.

Prior to joining ZTE, Lam was the Senior Manager for Leap Wireless in San Diego, CA where he led a companywide market analysis that resulted in \$50+ million in combined capital savings in CAPEX and OPEX. Lam also held various senior level

positions with several international equipment manufacturers in the United States.

Upon joining ZTE USA, Lam helped to further establish the business in the region and achieved several significant results. He has been the key presenter and spokesperson for ZTE Mobile Devices during product launches and major tradeshows such as CES, IFA and MWC.

He is also an active contributor and author for articles related to technology and market trend in relations with mobile devices.

Mr. Lam holds a Master Degree in Computer Science and a Bachelor Degree in Engineering from New Jersey Science and Technology University.
